INTRODUCTION

I'm Danaë,

An interior (graphic - web) designer

From Germany/Belgium

I'm a ambitious young interior, graphic and web designer. who grew up in a multi-lingual and multi-cultural environment.

My experience and education have taught me the importance of a strong organization and time management in the office environment.

I'm curious, focused, hardworking and I love to learn and to widen my knowledges. I strive to make a design which is honest, clear and playful.

My current ambition is to join an inspiring design team that creates positive change through the medium of architecture - and I believe I can offer an effective combination of graphic and interior design.
